WHAT MAKES SUNNYSIDE HOUSE FEEL LIKE HOME TO YOU

We recently spent some special one on one time with our residents, asking them one simple question:

“What makes Sunnyside feel like home?”

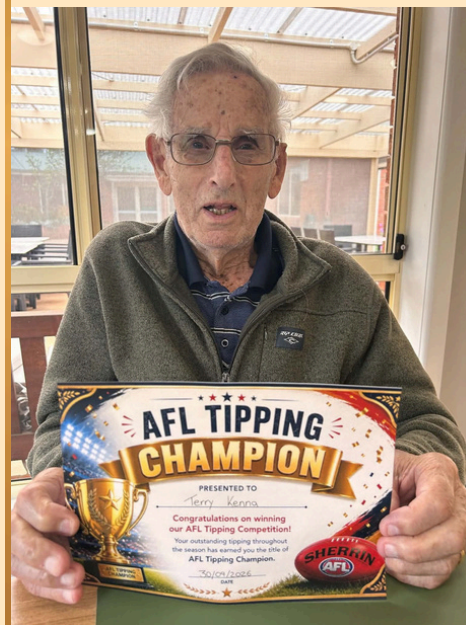

We are so proud to share some of their beautiful answers, which capture the warmth, connection and sense of belonging that makes Sunnyside such a special place.

A common theme throughout their responses was clear – it’s the people who make a home. The friendships formed between residents, the familiar faces, and of course, the wonderful staff who care for and support our residents each day.

These heartfelt words are a beautiful reflection of what Sunnyside means to those who call it home. We would love for you to take a moment to view the full display of photos outside the lounge area

There’s something truly special about capturing these candid moments of connection, the gentle presence, a caring hand, or simply being there together with no words needed. These moments reflect the kindness and comfort shared in small gestures.

Well done to Terry who excelled in our footy tipping, taking out first place. Residents and staff also enjoyed fun activities on grandfinal day.

WORDS OF WISDOM

"Give before you take"

"Be Quick and be quiet"

"Always smile at people as you never know what that person might be going through"

"Treat others the way you would like to be treated"

"Look after one another always"
